Phone: 404.288.2910

Dear Friend,

Thank you for your interest in the Midwest High School. We appreciate your desire to know more about earning your high school diploma from a Christian School. This is not a G.E.D. program, but it is a High School Diploma program from Midwest High School.

Graduating from high school in the comfort of your home may not be as difficult as you may think. You have probably thought about things might have been different if you had only finished high school. Perhaps you have even considered going back to school to complete your education. We know that there are many other programs that are available to you that can help you pursue your dreams, but there is no other program available like ours. You can join the thousands of other students who have received their high school diploma by correspondence. Your hopes of being a “graduate” can be a reality in just a few short days, or at the most, a few short weeks.

Here’s how the program works: you will receive the series of five tests that cover the main courses of study, take the test under the supervision of a family member or friend, 21 years of age or older, who can monitor your testing, and bring or send the tests to us for grading, and wait a couple of short days for your results.

The tests are on the subjects of Language Arts, Social Studies, Science, Math and Writing Skills. If you pass all of the tests with a grade of 70% or better, you will receive your high school diploma. The diploma is suitable for framing and has our gold seal embossed on the bottom. You will be proud to show your family and friends that you have received your diploma and have become one of our newest graduates.

If there are any of the five tests you did not pass, you will receive an additional opportunity to retake that particular test. After you have passed any retest, you may graduate. If you are interested in entering the military, going to college, or a technical school be advised that the acceptance of our diplomas is at the discretion of the receiving institute or military branch.

This program is fast, convenient, and affordable. There are some restrictions that may apply, so read the requirements carefully and come in for testing packet today.

Let us help you reach your goals and dreams of graduating from high school and receive the benefits that continuing your education can bring.

Sincerely,
Midwest High School
